DESCRIPTION

Direct Connect that's the idea. Use the Lufthansa Group FareLogix Converter to instantly insert your NDC bookings into your mid-office invoicing system. LH FLX Converter easy installation! Just allow your PCC to bridge with our Service PCC. Define where your file data, via ftp/sftp, has to be send to. And import your data into your mid-office. Just like 1-2-3. ALL your FLX booked data (Ticket, Exchange, Void, Refund, EMD, Refund EMD) is available in Amadeus and TravelPort GDS formats. No need for you to change your mid-office interfaces. Universally adaptable. We convert and/or add remark lines into the converted PNR data without additional input from your agents into Sprx or OBT. Remarks for automatic invoicing, fixed text units or trigger transaction fees. This way we fit the PNR to your mid-office abilities. Finally, a direct connection. What are you waiting for? Contact us for your implementation setup.
